HEIGHT RESTRICTION

The Clatsop County Commissioners reversed the earlier decision of the Planning Commission to permit a twenty-eight foot residence on Ocean Drive. The residence will now be limited to eighteen foot maximum height on Ocean Drive in accordance with the Commissioners ruling. Thanks to all those who attended the April 18th meeting at Astoria to support this important action.

BOARD OF DIRECTORS

Joe Ziegler has resigned from the Board of Surf Pines because of other obligations. The Board has selected Mr. Arnold Seeborg to fill the vacancy.

ANNUAL MEETING

THE ANNUAL MEETING OF SURF PINES ASSOCIATION WILL BE HELD AT THE PACIFIC GRANGE HALL ON HIGHWAY 101 AT 1:30 P.M. ON AUGUST 24, 1979. PLEASE ATTEND - YOUR BOARD NEEDS YOUR SUPPORT.

25 ?

WATER SUPPLY

A new cyclone fence has been erected around the North Pulp Station as directed by the Department of Environmental Quality of the State of Oregon. The cost of this fence was in the order of \$4,500. Now both the North and South well fields are enclosed by the appropriate cyclone fences.

NORTH ENTRANCE GATE

The chain gate project undertaken early in 1979 at the North entrance has been abandoned. The gate was erected complete with appropriate signs, however, after two attempts to maintain the gate during the night hours, both the gate and the signs were removed by parties unknown. Your Board has made the decision to abandon the project and for the present the North entrance will be open during all hours of the day.

NOTIFICATION

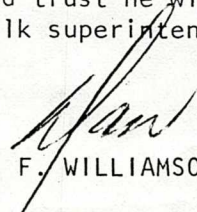

Please notify Surf Pines Association of any change of address or change of ownership. This is very important in order that the quarterly invoices can be forwarded to the appropriate address and that you can be contacted in case of emergency. The address is:

P.O. Box 132
Seaside, Oregon 97138

BULLETIN

Don Adams has recently returned from an operation and is reported to be in good health. However, we are told he over did it the other day on a water system project. We all wish Don the very best and trust he will let the younger fellows do it in the future. He is a great sidewalk superintendent and continues to do a terrific job for Surf Pines.
